

IGAS ENERGY Community Fund

▶ East Leake Playgroup

Awarded a grant of £600 towards new gardening and wildlife equipment, helping to provide a stimulating environment in which children can learn.

▶ Slumgothic Teenage Arts Project

Using a £7,720 grant, accessible toilets have been provided for a community café, which is largely staffed by people recovering from mental illnesses or disabilities.

▶ Brookside Primary School

A £2,000 grant helped the pupil Eco Committee re-establish a neglected school pond and create a bigger more exciting wildlife habitat. Thanks to training sessions led by the local countryside ranger, teachers are now equipped to lead pond dipping activities with the school children.

▶ Wheels for All, Salford

Through a £5,000 grant, specially adapted cycles and tricycles were purchased for a disabled cycling group.

IGAS ENERGY Community Fund

▶ Singleton and East Dean WI

Through a £2,000 award, the group marked the movement's national centenary by developing a permanent museum exhibition, recording the history of the organisation. Also 100 years old and helped by the IGas grant, the local group staged a celebration event looking back on the group's history and paying tribute to local inspiring women.

▶ Storrington First School

Awarded £4,330 to purchase computers and tablets for their catch-up café, where pupils teach older members of the community and care home residents how to use ICT.

▶ Latheron Lybster and Clyth Community Development Company (LLCCDC)

Awarded £4,000 to purchase tools for a project that provides an inter-generational workforce with joinery, masonry and plumbing skills, which are then used to support community groups and organisations.
